Standup Pouches

At an early stage, Caspak recognised the presentation power that the Standup Pouch can bring to food products.

As opposed to cans, this format brings the consumer in direct contact with the product – “what you see is what you get”.

Common uses

- Home meal replacements
- Soups and sauces
- Antipasto products
- Cereals
- Juices
- Pet food

Applications

- Standard vacuum packing
- Modified Atmosphere (MAP) gas flushing
- Hot fill for liquids

Feature options

- Rotogravure printing to 8 colours
